

tap-POS MINI

Compact by Design.
Built for Integration.

tap-POS MINI is a compact payment integration terminal supporting NFC and QR applications, engineered for stable connectivity and streamlined system integration.

Key Advantages

- Compact Design
- Easy Integration
- Reliable Connectivity
- Remote Management

Ideal Applications

- Self-Service
- Vending Machine
- Parking / EV Charging Systems
- Enterprise Environments

Specifications

Processor	Octa-core Cortex A53
Operating system	Android 16
Memory	4GB RAM + 32GB Flash
Display	4 inch square 480 x 480
Camera	200M pixel FF
NFC	Yes
USB port	Host Type-A
SIM	mini SIM x2
Power	12-48V
Connectivity	LTE, Wi-Fi, BLE, Ethernet, COM x2, MDB Host
GPS	Yes
Digital IO	Input x2, Output x1
Frequency bands	GSM Quad Band 850/900/1800/1900, WCDMA B1/2/4/5/8, 4G-LTE FDD-LTE B1/2/3/4/5/7/8/20/28 TDD-LTE: B38/40/41
Cellular antenna	Built-in or external
Operation temperature	0°C - 50°C
Storage temperature	-20°C - 70°C
Dimension & weight	105(L) X 86(W) X 43(D) mm, 238g
Installation cutout	Fulfil EVA
