

Press Release

## SPECTRA SoéPay is invited to be the Official Digital Payment Provider of Hong Kong Computer & Communications Festival 2022 (HKCCF) once again

This year, SPECTRA SoéPay is honoured to be invited by The Chamber of Hong Kong Computer Industry to be Hong Kong Computer & Communications Festival 2022 (HKCCF)'s Official Digital Payment Provider again.

### Official Digital Payment Provider

The public is getting used to replace the traditional payment methods with digital payment especially since the pandemic. SPECTRA SoéPay will be the Official Digital Payment Provider of Hong Kong Computer & Communications Festival 2022 happening on 19 – 22 August at Hall 1, Hong Kong Convention and Exhibition Centre to provide the most convenient and flexible payment experience for both exhibitors and visitors.

### Official Digital Payment Provider for HKCCF cash voucher scheme

At the same time, SPECTRA SoéPay is the Official Digital Payment Provider of HKCCF's million-dollar cash voucher scheme. Visitors who purchase the exhibition tickets will be eligible to be enrolled for the 3-million-dollar cash voucher lucky draw. Exhibitors must use SoéPay payment solutions to scan the QR codes on the cash vouchers for verification and redemption. Exhibitors can export the record from SoéPay MARS backend system and securely redeem the amount after the event.

### SoéPay Exclusive Cash Voucher POS

Knowing everyone's desire to use Government's cash vouchers at the event, SPECTRA SoéPay proudly brings the exclusive cash voucher POS – tap-POS to the event. With SoéPay tap-POS, one could receive and pay with the 6 cash vouchers including Alipay HK, Tap & Go, WeChat Pay HK, Octopus, BoC Pay and PayMe.

### Supports Most Payment Methods

SPECTRA SoéPay provides the hustle-free payment solutions for merchants. The exclusive cash voucher POS – tap-POS supports QR code, contactless card and mobile wallet payments to accept Visa, Mastercard, Union Pay, Apple Pay, Samsung Pay, Google Pay, Huawei Pay, Alipay and WeChat Pay. This convenient and secure payment device also comes with a user-friendly backend system for the exhibitors.
