

Accepts
**payments for
every
business!**

Mercury

NFC & chip card reader

Accepts credit card/contactless NFC payments

Accepts EMV chip cards, Apple Pay, Google Pay, Huawei Pay and other contactless payments.

Pocket-size and set up easy

Mercury is a small and lightweight portable card reader packed with a powerful battery. Set up is quick and easy by connecting to iOS or Android devices using Bluetooth.

Affordable payment device at your counter or everywhere

Mercury is especially designed for fast payment processing in-store or on-the-go. Tailor made carried options with arm-mount, wrist-mount or neck-strap which can fit the needs of operators. Besides, Mercury with dock can position it right on your countertop and keep it charged all day.
